Software Engineer

Utkarsh Keshari

Java Backend Developer | Spring Boot · Spring Security · MySQL |
REST APIs · JWT/OAuth2 | Immediate Joiner
Gorakhpur, Uttar Pradesh, India

Summary

Java Backend Developer with 08 months of hands-on experience building production systems in Spring Boot. At skilledUp, I architected an LMS backend serving 10,000+ users — cutting MySQL query time by 60% and maintaining sub-200ms response times under load. Core stack: Java · Spring Boot · Spring Security · Spring Data JPA · Hibernate · MySQL · Redis · JWT/OAuth2 · REST APIs I'm currently exploring microservices patterns (Kafka, gRPC, Docker) and actively looking for backend roles where I can build things that scale. utkarsh.k.keshari@gmail.com | Open to full-time roles

Experience

skilledUp
9 months

Software Engineer
December 2025 - February 2026 (3 months)
Noida

Architected and delivered a production-grade Learning Management System serving 10,000+ active users with enterprise-level reliability and performance.

Key Achievements:

- Built scalable LMS backend achieving 99% uptime with sub-200ms response times, handling 500+ concurrent requests
- Reduced MySQL query execution time by 60% (2.5s → 1s) through strategic indexing, connection pooling, and query optimization across high-traffic tables
- Designed 15+ production REST APIs for course enrollment, payment processing, and user management with comprehensive error handling
- Implemented JWT-based Role-Based Access Control (RBAC) supporting multi-tenant authentication flows
- Integrated payment gateway with transaction validation, rollback mechanisms, webhook handling, and automated invoice/certificate generation

- Established SLF4J logging framework and API versioning strategy for maintainable codebase

Tech Stack: Spring Boot, MySQL, Redis, JWT, Spring Security, REST APIs, Maven, Git, Postman

#SpringBoot #BackendDevelopment #MySQL #Microservices #RESTAPIs

Software Engineer Intern

June 2025 - December 2025 (7 months)

Noida

Contributed to core backend development of the Learning Management System, focusing on authentication, course management, and performance optimization.

Key Contributions:

- Developed authentication APIs supporting OTP, email, and password-based login flows
- Built course management workflows including enrollment processing and user progress tracking
- Improved system performance during peak traffic by 40% through database indexing strategies and query refactoring
- Collaborated with senior developers on API design patterns and code review processes

Tech Stack: Spring Boot, MySQL, Spring Security, REST APIs, Git

21Day Neem Karoli Baba

Founder & WordPress Developer @ 21dayneemkarolibaba.com

June 2023 - June 2025 (2 years 1 month)

Gorakhpur

Founded and scaled a WordPress-based spiritual platform to 10K+ monthly visitors while managing full-stack operations.

Key Achievements:

- Built and launched 21dayneemkarolibaba.com from ground up, achieving 10,000+ monthly visitors within 18 months
- Managed end-to-end operations including hosting infrastructure, content delivery optimization, and site performance

- Developed comprehensive SEO strategy increasing organic traffic by 300%
- Currently architecting 21day.tech — a modern microservices platform using Kafka, gRPC, AWS, and Kubernetes

Tech Stack (Current Project): Spring Boot, Microservices, Kafka, gRPC, AWS (EC2, S3), Kubernetes, Docker

#Entrepreneurship #FullStackDevelopment #WordPress #Microservices

Salesken

Software Engineer Intern

March 2023 - June 2023 (4 months)

India

Developed and maintained internal web application features using Java, Spring Boot, and WebSocket

Debugged and resolved software defects, conducted unit testing, and updated technical documentation to ensure code reliability

Participated in agile sprints, code reviews, and cross-functional feature delivery following software engineering best practices

Education

Masai

· (January 2022 - January 2023)

Delhi University

Bachelor of Science - BS, Chemistry · (May 2017 - January 2020)

Siddharth University, Siddharth Nagar

Bachelor of Arts (B.A.), Bachelor of Arts (B.A.) · (March 2021 - March 2023)
